the currant shed has a long and proud history, standing tall whilst weathering over a century of different guises.

the structure was originally built for exactly what its name suggests - an undercover shed in which to prepare and dry currants before export back to the uk. dried fruit was big business back in the day before refrigeration, and there are still several old sheds standing in the McLaren Flat/Blewitt Springs area today. the one now housing the restaurant was reputedly the largest in the district, and served its purpose well for the families that called this part of the world home.

we source the freshest local ingredients and, where possible, utilise what we grow in our garden for both our menu, and our cocktail list.

not only do we eat local, but we drink local! you'll find an extensive selection of everything McLaren Vale has to offer, and further afield too.

our selection within is an exciting one, that changes from time to time with vintages and limited production, but that's what keeps it fresh. it evolves with the regions and the winemakers, and we're proud to support them.

The logo consists of the words "EAT" and "LOCAL" in a bold, white, sans-serif font, stacked vertically within a solid black rectangular background.

# clement's brook blanc de blancs nv

in partnership with our good friends at shottesbrooke, we've created a cracking bottle of fizz

blanc de blancs, translated from french, means white from white  
- a straight chardonnay sparkling.

we are also happy to now offer this for sale for consumption off the premises, so if you like it, or know someone that will, grab a bottle on your way out for just \$25!

## craft beer from near

## water, soft drinks & the last straw

to reduce our impact on the environment we have installed a  
purezza sparkling and still water system that runs off treated rain water.

only 5.0 per person for an unlimited amount.

we also make lime cordial with limes from our lime grove

- try it with some sparkling rain water, it's delicious!

naturally we have the old favourites too.

to further reduce our impact on the environment

we are a straw free restaurant! we do not offer straws as standard  
but if you would like one please ask, as we have paper ones on offer.
